EVALUATION OF PROPOSALS

Several factors will be used to compare proposals and are considered important to the County. All Proposers or Respondents should include detailed information regarding cost, limits, deductibles, carrier selection, service ability and service history. Please be sure to review the "Rating Criteria" section of the RFP.

In the County's evaluation of proposals, the following items shall be considered:

1. Coverage - a major consideration in evaluating proposals, the amount and breadth of coverage and extent of restrictions or exclusions.
2. Service - the capabilities and experience record of service provided by agents and insurers. This may be of minor importance for some coverages or of major importance for others. Services include consultation capabilities, amending policies and contracts, premium billings, loss control/safety training and claims service, etc.
3. Cost.
4. Stability - financial stability of the insurer, Trust or other provider of coverage.

The order in which these items have been listed does not necessarily reflect their order of importance. It is possible that the County, in its judgement, may consider a proposal unacceptable solely because one of these key items is unsatisfactory. For example, a proposal may be considered unacceptable solely on the basis of unsatisfactory cost, or unacceptable solely on the basis of unsatisfactory coverage, etc.

Right to reject proposals:

The County reserves the right to reject or waive any proposal individually, including any portion of a proposal for any reason that it deems appropriate and may choose to negotiate or not negotiate with individual proposers.

The County reserves the right to select the proposal that it believes will serve it best.

Authority of Proposers:

All proposals must be submitted by a licensed Florida resident agent.

Additional Information/inspection:

Every attempt has been made to furnish complete and accurate information to the best of the County's knowledge. Request for additional information or clarification must be

submitted in writing no later than September 16, 2022 at 4:00PM (cst). An addendum may be issued to all Proposers with the additional information or clarification.

Every attempt will be made to accommodate site inspections. Requests for additional information and site inspections should be made to:

David Corbin, Project Director
Holmes County Board of County Commissioners
107 E. Virginia Avenue
Bonifay, FL 32425
Phone: (850) 547-1119
Email: hcadmin@holmescountyfl.org

Proposals duly submitted will be publicly opened at the date and time specified above. The County reserves the right to reject any and all proposals or to accept any proposal deemed to be in the best interest of the County and to waive any non-substantial irregularities or cancel this solicitation in its' entirety at will. Award of the contract will be made to the responsible, responsive Proposer or Respondent, which has submitted, in the sole determination of the County, the proposal which offers the County the best value. The County reserves the right to decide, at its discretion, which options and coverages shall be purchased. The County's decision will be final.

Inquiries and Addenda:

Each Proposer or Respondent shall examine all RFP documents and shall judge all matters relating to the adequacy and accuracy of such documents. Any inquiries, suggestions, or requests concerning interpretation, clarifications, or additional information pertaining to the RFP shall be made to David Corbin, Project Director, via email to hcadmin@holmescountyfl.org. **Telephone inquiries will not be accepted.**

The County shall not be responsible for oral interpretations given by any County employee, representative, or others. The issuance of a written addendum is the only official method whereby interpretation, clarification, or additional information can be given. If any addenda are issued to the RFP, the County will attempt to notify all prospective firms who have secured same. However, it shall be the responsibility of each firm, prior to submitting proposals, to determine if addenda were issued and to make such addenda a part of the proposals.

Execution of Agreement:

The individual firm, agency or corporation to which the contract is awarded shall sign the necessary agreement entering into a contract with the County, and return it to the County within fifteen (15) working days from the date the final approved contract has been received by the successful Proposer or Respondent. No contract shall be considered binding upon the County until it has been properly executed.

Indemnification:

The Proposer or Respondent agrees to indemnify, hold harmless, and save and defend the County from and against all claims, liens, liability, loss or damage, including, but not limited to: costs, expenses, and attorney's fees, whether or not caused by actual or claimed negligence (active or passive) of the County, its agents or employees, either as the sole or contributing cause for damage to property, whether situated or owned or leased by the County or any other person, bodily or personal injuries, including death at any time resulting therefrom, sustained by any person or persons, including, but not limited to, any employees or representatives of any subcontractor, which damage or injuries arise out of or in connection with, directly or indirectly, performance of duties or the execution of the contract between the County and any amendments, thereto, by the Proposer or Respondent, his agents, or representatives.

Compliance with Laws:

Each Proposer or Respondent is responsible for full and complete compliance with all Federal, State and local laws, rules, and regulations. Failure or inability on the part of the Proposer or Respondent to comply with such laws, rules and regulations shall not relieve any Proposer or Respondent from its obligations to honor its proposal and perform completely in accordance with its proposal.

CONSIDERATION OF PROPOSALS AND AWARD OF CONTRACT

1. All submittals will be subject to a review and evaluation process by a selection committee chosen by the County. All Consultants responding to the RFP, who meet the requirements, will be ranked in accordance with the criteria established in these documents. The County will consider all responsive and responsible submittals received.
2. Submittals shall include all of the information solicited in this RFP, and any additional data that the Consultant deems pertinent to the understanding and evaluating of the submittal. Each Consultant will be ranked based on the criteria herein addressed.

3. The selection committee will review, evaluate and rank the submittals by all responsive and responsible firms based on the criteria contained in this RFP. Virginia Ave., Bonifay, FL 32425.
4. If the Holmes County Board of County Commissioners concurs with the selection committee, the County shall provide and post a Notice of Intended Award. The notice shall contain the following statement: "Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under chapter 120, Florida Statutes."
5. Proposal tabulations with recommended award will be available for review by interested parties through the Office of the Project Director and will remain available in accordance with statutory retention requirements.
6. Failure on the part of the successful Proposer or Respondent to execute a contract within fifteen (15) calendar days after the issuance and posting of the Notice of Intent to Award may be just cause for annulment of award. The County may then accept the proposal of the next best-evaluated Proposer or Respondent or re-advertise for new proposals.
7. The County reserves the right to award the contract to a Proposer other than the low Proposer or Respondent for such reasons as acceptability of specific products or designs, coverage dates, financial standing, past performance, additional features or programs offered, unacceptable deviations or exceptions taken to these Specifications or degree of compliance with any other requirement dictated by these Specifications. AGREEMENT

1. These conditions shall apply to the property and casualty insurance program.
2. 3. Any award made under these Specifications shall in no way prevent the County from requesting future quotes or proposals on identical or similar items to those covered herein.

PAYMENT

Payment may be withheld by the County due to failure by the vendor to comply with the agreed Specifications. The County shall notify the successful Proposer or Respondent of any unsatisfactory performance as soon as practicable so that it may be corrected without delaying payment, if possible.

Mr. Andy Cooper
Vice President
World Risk Management
20 N. Orange Avenue, Suite 500
Orlando, FL 32801

Dear Mr. Cooper:

Our firm has performed property valuation update services for Public Risk Management of Florida (hereafter "PRM"). We are pleased to submit our revised summary report for certain property of interest to PRM, as follows:

- Updated spreadsheets containing both your prior appraisal values (appraisals of all property performed by others), values provided by HCA after the on-site appraisals of specific property of interest to PRM, and
- This letter, outlining our methodology.

The property updated this year includes all items in the spreadsheet provided by PRM to us, plus changes submitted by PRM members directly to HCA. Based on PRM's direction and assistance, we believe this report reflects all other member property currently insured by your program for the Holmes County BOCC.

I. Scope and Methodology:

HCA has updated the values presented in the attached member spreadsheets to reflect recent increases in Replacement Cost values resulting from inflationary factors in both labor and material costs. HCA has applied cost index factors to each member's property values, reflective of the desired increases provided from PRM to HCA for the period from 11/15/2020 to 11/15/2021.
